## COMLUX PRESS RELEASE

Indianapolis, 15 October 2018

### COMLUX COMPLETES ITS 11<sup>th</sup> VIP CABIN INTERIOR ON A BBJ

Comlux is pleased to announce that Comlux Completion, its Completion and Service Center based in Indianapolis IN, accomplished their 11<sup>th</sup> VIP interior outfitting on a BBJ aircraft for a private customer based in the Far East.

The luxurious cabin features at the front a spacious executive compartment, with four sets of Club-4. Instead of the traditional Hi/Lo tables, there are large pull out tables with easily attachable extensions newly designed and installed specifically for this aircraft. In the center section, a private dining/conference room features a massive table surrounded by six executive style seats. The overhead area portrays a grand ceiling dome with a handmade mother of pearl pattern. Decorated with a similar ceiling dome, the master suite at the rear includes a tranquil master bedroom and a spa-like private master lavatory. The entire aircraft has an infusion of an Asian inspired atmosphere. There is a cohesive blend of contrasting color palettes achieved by the use of supple white leather, rich warm mahogany veneer, plush taupe carpet, textured fabrics and gold accents throughout- inspiring luxury and relaxation.

*“We are very proud to have successfully delivered another beautiful nose-to-tail bespoke VIP completion,”* stated Arnaud Martin, COO of Comlux. *“We have been “engineering luxury” on VIP interiors since 2008, always keeping our customers wishes at heart and the technical performance in mind. The interior of the BBJ was engineered to magnify weight performance at a total weight of only 14400 lbs. We are fully prepared and up to speed for the arrival of the first ever BBJ Max 8 completion and our first ACJ320 Neo later this year.”* Martin stated.

**Comlux** is one of the leaders in Business Aviation, Transaction and Completion services. For over 15 years, we have been Engineering luxury for VIP customers looking for personal and professional management of their private aviation needs: aircraft sales and acquisitions, aircraft operations and charter management, cabin interiors, maintenance and upgrades. Headquartered in Switzerland with a global presence around the world, Comlux delivers World-class Swiss-made business aviation services at the highest standards of the industry.
